## SCSAA Hosts First Leadership Conference At S.H.S.

Our Alumni Association collaborated with the Sidney Jr./Sr. High School Student Council to create a leadership conference this past November.

The student council, led by Col-  
lin Searles, Justin Santiago, Jor-  
dyn Lang and Aidan Neer, advised  
by Lori DePauw, approached the  
Alumni Association about collab-  
orating to create a leadership con-  
ference. The student leaders where

The Board of Directors, under the leadership of President, Doug Sheldon '59, is an association led by committees. The directors hold formal business meetings four times a year, beginning in January, and committees meet on an as needed basis in order to develop projects and prepare for events. Business meetings are open to the public; all alumni are welcome to attend, or become involved in SCSAA as a board member, committee member or volunteer. Look for our meeting times on our Website or Facebook page.

# 1st ANNUAL CANOE/KAYAK NATURE FLOAT TO BE HELD DURING ALUMNI WEEKEND

**TRIP OVERVIEW.** The float is planned to be a very gentle, lazy 2.5 to 3-hour trip – it will not be a race. Today, the Susquehanna River is much different than you may remember. Though the river can be quite muddy after a heavy rain, it's been greatly cleaned-up with toxic chemicals and sewage contaminants banned for many years. It is why today you can see more wildlife than you would have seen prior to the early to mid-80's... from bald eagles, beaver, mink, muskrats and many species of birds, to deer and even an occasional bear! We've teamed up with Enchanted Gardens in Nineveh, a local outfitter, who will be providing the watercraft, life jackets and paddles at the Wells Bridge put-in. The float event will be led by seasoned local kayakers, Dick Germond ('63) and Jeff Conover ('80).

**WHEN:** Saturday, 20 July 2019. MEET NO LATER THAN 1:00 PM after the March of Classes. Park your vehicles in the large lot next to the Sidney Main Street Bridge for busing to Wells Bridge for the put-in. Arrive dressed/prepared for either light rain or shine with appropriate foot wear that will get wet (swim wear, light shirt, hats & sunscreen are usually adequate).

**GENERAL INFO:** Again, this float will NOT be a race...it will be a gentle paddle/float down the Susquehanna River from Wells Bridge to the take-out just above the Sidney Main Street Bridge where we'll finish at approximately 4:30-5:00 PM; and, where you will have parked your cars before being bused to Wells Bridge for the put-in. Bottled water will be provided. In the event of cancellation due to inclement weather or dangerous river level/currents after heavy rain(s), entry fees will be refunded.

Complete the accompanying "Sign-up Form" and return prior to June 15th along with payment made to "SCSAA" (Note, "Nature Float", in reference section of check or money order). Send to Dick Germond, 134 Highbank Ln., Bainbridge, NY 13733. Prior to departing all participants will be required to sign a "Liability Waiver" for both Enchanted Gardens & SCSAA.

## ENTRY FEE:

\$27/person; or,

\$15/person IF transporting  
& using your own watercraft  
\*must still sign waiver.

**WATERCRAFT AVAILABLE FOR RENT:** (27) tandem canoes, (11) single place kayaks, (2) tandem kayaks - includes life vest, paddles, and transport of watercraft & equipment. Allocation of watercraft on a first come-first served basis - send in sign-up forms and payment early!

interested in having Alumni conduct workshops with two skill sets: Public Speaking and using Robert's Rules to lead formal meetings. The team proposed a schedule for the conference and asked Doug Sheldon if he could line up workshop facilitators. Naturally, Doug and the Alumni Association came through with excellent workshop leaders.

Doug Sheldon and Kerrie Green led the Robert's Rules workshop. Robert Daugherty and Brenda Wrigley led the public speaking workshop. The student council teams were divided into two groups, ensuring the 7th and 8th grade representatives were blended in with upperclassmen teams for support and encouragement. The entire group initially met for introductions then went out to their two sites. The public speaking workshop met in the auditorium. Students were coached by Brenda and Robert on how to prepare a public speech, and each student successfully delivered a 3 minute speech, receiving encouragement and constructive feedback from their peers. Student who never imagined themselves as public speakers walked away learning more about their voice and power to use it effectively. The other morning workshop met with Doug Sheldon and Kerrie Green in the district conference room around a formal meeting table. This team learned about the role of Robert's Rules, then with Doug and Kerrie's guidance, the executive officers conducted a student council meeting, which led to decisions and actions regarding their upcoming Spirit Challenge event. Students actively engaged a spirited and productive process which reinforced their

understanding of Robert's Rules. The two morning workshops regrouped for lunch, attended the workshop they had not participated in that morning and met once again as a large group to debrief. Students expressed sincere and genuine gratitude, with our Alumni Fellow Sarah Bessett stating to the underclassmen that, "you do not realize how fortunate you are to have this so soon because I wish I had". The student leaders were extremely thankful and appreciative of the time taken by Alumni to help them grow and stretch as leaders.

### 17TH ANNUAL SPORTS HOF INDUCTION WEEK-END OCT 4-5

Mark the dates for this year's Alumni Sports Hall of Fame Induction Weekend! It is Friday and Saturday October 4th and 5th, with a fantastic Class of 2019 and 13th Annual Legacy Award as well.

Details are being worked on as Reflections goes to print. What we know are the inductees, the date of the dinner and our Homecoming opponent - an old division football rival back on the schedule: Windsor.

This football schedule makers gave our Warriors four home games, but they were arranged differently. That means Homecoming and HOF Weekend are one and the same. Thus there are ongoing discussions about bringing back the traditional Saturday afternoon game. We will make it clear once that has been determined!

Meanwhile, our committee of nine dedicated Warrior alumni and coaches elected another great class, after much debate and vetting. And here they are:

**Erin Stanton-Silva (1998)** Was a 2-x NYS Shot put champion during five outdoor track seasons. Also made 3rd team Class C All-State in basketball as a senior for Sectional runner up team and in three seasons of soccer, was named All-Sus twice. Still holds the school record in the javelin. At SUNY Oswego, she switched to softball and was all-SUNYAC at shortstop in 2002.

**Bill Burdick (1958)** First Ralph Pyle Award winner as Sidney's Outstanding Male Athlete. In 3 years of football, was quarterback of unbeaten 1956 team and played in first Section 4 All-Star game. Played point guard and was team captain and All-Star in basketball. Outstanding 2nd baseman in four seasons on varsity, including twice voted all-league and art of division & league champs in 1956.

**Colin Kelly (1968)** Member of FOUR Legacy teams already! In cross country (3 seasons), earned varsity status twice as major contributor to Sidney's back-to-back Sectional crowns. Had limited wrestling results, however helped make state champions of Randy Payne and Rick Cole in practice. His only varsity campaign, placed 2nd in NYS! Also part of very first tumbling team at Sidney.

## ALUMNI GEAR STORE NOW ONLINE!

The Alumni Association has received numerous requests over the last few years asking us to offer Alumni gear to show off Sidney pride. Well, we heard you and we have made it happen! The Alumni Association has partnered with Tim Shupperd - Class of 2004 - to bring you an online store of Sidney Alumni Gear. Check out our selection of have hoodies, t-shirts, hats, mugs and more! And, you can also customize anything! It doesn't matter where you live, your gear will be shipped directly to you. If there's something you want to see in our store, let us know! Tim will be around during Alumni Weekend to take order there as well.

## WEBSITE RECEIVING COMPLETE OVERHAUL BY '99 ALUMNUS

**SidneyAlumni.org**

In the last Reflections, I asked if someone would like to help with the Alumni Web Site. Matthew Brown – Class of 1999 – has offered to help. Actually, he is doing a whole new Web Site Design. He has been working on it for a short time now and we expect to launch in time for Alumni Weekend. On the right side of the page is a screen shot of the website design that Matt is working on. Thanks to Matt Brown for our New Alumni Web Site.

## 2019 WALL OF FAME INDUCTEE BIOGRAPHIES

### Bruce G. Rinker '69

Bruce Rinker was born in Washington, DC, where his godfather was General Counsel for the American Red Cross. He and President John F. Kennedy were the leaders who were chiefly responsible for Bruce's decision to attend law school.

Bruce also lived in Alliance, Ohio and Eugene, Oregon before moving to Sidney in the fifth grade. He had two brothers: Roy '62 and Chuck '63. In high school, Bruce did gymnastics, played basketball, and swam for the Oneonta YMCA. He was a lifeguard at the Sidney pool, played piano, and played percussion in the Sidney school band. Bruce graduated in 1969, and claims that "much of what I focus on today is directly traced to the physical environment that made up my world in Sidney, New York."

After receiving his bachelor's degree from Hamilton College, Bruce earned his Juris Doctorate from Case Western Reserve University Law School. At Hamilton, Bruce sang in the College Choir and enjoyed the European tour in 1972. He studied in France his junior year. In law school, he was Executive Editor of the *Journal of International Law*. As an appellate law clerk, he wrote extensively for judges. He taught legal research, writing and oral advocacy at Cleveland Marshall Law School, and now teaches graduate students there.

A trial lawyer for thirty years, Bruce has also worked as a labor Relations Representative, State Appellate Court Law Clerk, Assistant County Prosecutor in the Felony Criminal Division, developing expertise in municipal, zoning and eminent domain law, often lecturing in these areas.

As he continued his law practice full-time, Bruce also served for twenty-three years as the mayor of Mayfield Village, using his knowledge and expertise to plan and direct important changes that provided enhanced quality of life to many citizens. He assembled 150 acres of land devoted to public purposes, creating an interconnected system of greenways and trails that link neighborhoods, parks, and

public transportation into a comprehensive countywide network. The greenway system provides recreation opportunities and alternative transportation options to improve the community's health, wellbeing, and economic vitality. In honor of his expertise, commitment and dedication, the greenway was named "The Bruce G. Rinker Greenway."

Anthony J. Russo, Presiding Judge of the Cuyahoga County Probate Court, appointed Bruce to the Cleveland Metroparks Board of Commissioners in 2010, where he continues to serve. The three Commissioners manage over 23,000 acres of parks; have over 500 employees and an annual budget in excess of \$100 million. Bruce secured over 450 acres of lake front property for the park system. According to Judge Russo, "his service there is unpaid, but of the highest quality."

Bruce Rinker certainly serves as a good example of how the fine schools and community of Sidney, NY, helped him go into the world and to contribute so much.

### Robin Goodrich D Ed '84

Robin Goodrich graduated from Sidney High School in 1984. She earned her BS in Nursing from the University of Phoenix, her MS as a Clinical Nurse Specialist from Western Connecticut State University, and her Ed.D in Organization and Leadership from Columbia University Teachers College. She also furthered her education at Cornell University, where she earned her Executive Leadership Certificate.

Dr. Robin Goodrich practiced for 26 years as an RN in level III newborn intensive care, and then used her knowledge and skills to advance nursing education, specifically through her role as an education administrator. She emerged as a leader in the development and implementation of highly successful programs in the field of nursing education.

Robin served as an Undergraduate Nursing Program Coordinator during her tenure as a full time faculty member in the Department of Nursing at Western Connecticut State University in Danbury. She was also the Vice President, and then

Director, of the Nursing Education Alumni Association at Columbia University, where she was elected to the Hall of Fame of Nursing Education Alumni Association. She was named "Nurse Exemplar" at Danbury Hospital in Danbury, CT.

Robin served as the Associate Dean at Davenport University in Michigan, and is currently President of the North Brunswick, New Jersey Campus of Chamberlain University College of Nursing. Dr. Goodrich's primary responsibility is for strategic direction, to achieve academic and operational goals. She launched in a new market, exceeding enrollment and financial projections within two years of campus launch, while achieving superior academic outcomes. In July 2015, Dr. Goodrich received the Chamberlain College of Nursing Extraordinary Campus Launch Award.

According to Keville Frederickson, Professor and founding Director, PhD Program, Lienhard School of Nursing, Pace University, "Robin was appointed as President and CEO at Chamberlain University School of Nursing in New Brunswick, a new campus which provided an option especially for non-traditional students to pursue nursing education. As Campus President, Dr. Goodrich provides academic, fiscal, and operational oversight of a growing campus. She leads a comprehensive, all-campus model of student success. Her experience in campus development has enabled effective communication across groups and stakeholders, relationship building, market profile and branding, which has yielded enrollment growth, a supportive Board of Trustees and successful accreditation."

Dr. Goodrich has published many papers in a variety of professional journals and periodicals. She was elected to the New York State Academy of Medicine in 2018.

### Spencer Gridley

Spencer Gridley was born in Fulton, NY, and attended high school in

Central Square, where he played varsity basketball and golf. After high school he graduated from Cornell University with a BS in Agricultural Education, and furthered his education at SUNY Oswego, where he earned his Master's degree in Technology Education.

Spence was a beloved teacher and mentor who taught in Sidney Central School for thirty-three years. He enjoyed being able to help guide so many students to become the best that they could be. As Spence has said, "It is difficult to grow up and be successful. I am so proud that my students have been able to do well." That goal was of the utmost importance to him. Gary Scavo (WOF '17) was another leader who would "talk things out" with Spence, to help him always find ways to benefit the students.

Spencer taught agriculture, business, junior high technology, senior high school technology, and environmental science, in addition to advising the Future Farmers of America (FFA) chapter and training many Agriculture State Champions. He also served as the Teachers' Union president for several years.

He supported his favorite teams, which included all of Sidney sports, especially field hockey, cheerleading, soccer, cross country, track, basketball and baseball.

The highlight of his career was when he was chosen New York State Chairman of the FFA and received an honorary American Farmer degree from the national FFA for his years of dedication to teaching and working closely with the FFA students.

Spencer volunteered his time with the Kiwanis Club of Sidney, the Masons and Eastern Star and Rotary. He was a devoted member of the Rotary Youth Exchange Program. He loved learning from the students who visited Sidney from all over the world, and enjoyed helping to arrange for Sidney students to spend a year abroad. In Spence's words, "Rotary is awesome, but this piece of it is at the top of my list!"

Dr. Nick Nuciforo, former Superintendent of Sidney Schools, commented that "his passion for supporting youth was unquestionable. Spence always opened his door and his heart to the students." He added, "Spence gave up countless hours

devoted to citrus sales, trips to the Oswegatchie FFA Camp, helping students with their projects for the area and state fairs, accompanying FFA students and officers to area, regional, state and national conventions and nurturing the innate talents of many. Spence Gridley always had a smile on his face, a golf club in his hand, and the students in his heart."

## Thomas J. Rettberg '64

Thomas Rettberg was born on Christmas Day, 1945 at The Hospital in Sidney, NY. He attended public schools in his hometown, and on high school graduation day in 1964, he received his diploma from his father, Frank Rettberg, President of the Sidney Central School Board.

In 1968, Tom graduated from Syracuse University, where he was the President of Alpha Kappa Psi, a professional business fraternity. The day after graduation, he accepted a position with IBM Corporation, one of the world's most highly respected technology leaders, at an exciting time of major innovation. He remained with IBM during its peak performance years, until his retirement 30 years later.

But before entering the corporate world, Tom served with the United States Marine Corps for three years, where he designed and implemented a civilian payroll system for Parris Island. He was honorably discharged in 1971.

Tom was honored as the #1 IBM nationwide product financing sales lead-

er in 1983 and again in again in 1993. He financed a \$76 million and a \$14 million data center move to Atlanta; served as the Area Manager of financing in Atlanta for over six years; and grew the annual revenues more than 20% each year. He served as National Leader for IBM Credit Corporation for the ESQ program, one of the most successful offerings that IBM Credit Corporation ever rolled out. Tom's expertise was in product, services and software sales, creative packaging, financing, and management. While with IBM, Tom lived in Endicott, NY, Philadelphia, PA and Atlanta, GA.

When he retired from IBM, Tom joined Mainline Information Services, an IBM Business Partner, where he served as the Director of Portfolio Management, and served as the liaison to IBM Global Financing.

Tom volunteered with the Southern Tier Opportunity Coalition, where he was a leader in negotiating a \$7 million loan from IBM Corporation to establish the Linux Technology Center at Binghamton University. Through the years, Tom has volunteered at the Eggleston Children's Hospital, Meals on Wheels, Habitat for Humanity, the Epilepsy Foundation and the Olympic Games.

Tom was involved with SCSAA from its inception. With his uncle, Bob Chantler, he helped the initial group of ladies create an alumni association of all graduation classes. Bob set up a database of classmate information at a time when computers were just beginning to serve that need. He and Tom set up the first student scholarship awarded by SCSAA. Tom emceed the Alumni Luncheon in 1999 and was involved with Bob, Terry Dermody and Karen Cycon in weekly long distance phone calls for much of the initial planning for the alumni association.

Tom's organizational and managerial skills, his natural curiosity, his professional demeanor and work ethic, mixed with his sense of humor and love of people, enabled him to be a talented leader in his career field, to contribute to his business community and to offer help to people in need.

## William Bure '36

William (Bill) Bure was born near Alliance, Ohio in 1916 and moved to Sidney in 1928. He attended Sidney Central School and was class president during his freshman, sophomore, junior and senior years. Bill was also president of the Student Council during his senior year. A three-letter athlete in football, basketball and baseball, Bill was also a member of the track team, where he was noted for the shot put.

In 1932, while still a student, Bill helped form the Sidney First Aid Club. A year later, he joined the Cartwright Hook & Ladder Co. of the Fire Department. After graduating from Sidney Central School in 1936, Bill began working at Scintilla, and retired from that company after forty-five years of service. Shortly after joining Scintilla, Bill Bure and twelve others organized the Sidney Emergency Squad.

Bill not only devoted time to his own community, but also helped organize emergency squads in surrounding towns. In 1951, he was a member of the Sidney Emergency Squad, which took first place in the New York State Competition for Squad Members. As a member of the Emergency Squad, Bill saw first-hand the vital need for blood donations. He became a donor in 1934, and never stopped giving until he reached the age limit set by the American Red Cross.

In 1961 Bill became Chief of the Bendix Fire Brigade. The following year he was appointed First Assistant Fire Chief, and then rose to the position of Chief of the Sidney Fire Department in 1969. Throughout the years that he served, the methods and equipment of fire fighting changed and improved. Bill Bure made sure that the Sidney Fire Department received the advanced training necessary to keep abreast of the changes and new demands that faced the squad.

Elwood F. Davis, Mayor of Sidney, announced a special proclamation for Bill Bure, naming October 30, 1982 Bill Bure Day in the Village of Sidney, New York. Honors continued to multiply for Bill, including plaques from the Sidney Fire Department and the Sidney Emergency Squad commemorating 60 and 63 years

of continuous service, respectively. The Emergency Squad has been renamed for retiree William P. Bure, and all the trucks used by the Squad bear his name. The Daughters of the American Revolution presented him with a DAR Honor Medal for "...Leadership, Trustworthiness, Service and Patriotism."

Bill's contribution also came in another way. An avid bowler, he was a member of several championship teams, taking ABC bowling trips to Seattle, Fort Worth, Fort Wayne, Rochester and Syracuse. He was a life member of the American Bowling Congress.

Bill Bure was a trustee of the Congregational Church, Director of the American Red Cross, Trustee of the Sidney Fire Department and member of the Delaware, Chenango and Otsego Emergency Squad Associations. He was also a member of the BPOE and F&AM.

### **SPECIAL NOTICE TO ALUMNI AND CLASS REPRESENTATIVES:**

The Class Roster and Class Rep list are essential to ensure communications about the Alumni Association reach you. The SCSAA has a class roster on the website, [www.sidneyalumni.org](http://www.sidneyalumni.org), that contains the names of all Sidney alumni. Your contact information is only as current as your membership. When you join or renew and send your contact information, it is entered in the roster unless you indicate you do not want it posted. The future of

Reflections depends on alumni maintaining their official membership. Is your class in need of a Class Rep? Would you like to volunteer? Submit your name and contact information to: [update@sidneyalumni.org](mailto:update@sidneyalumni.org) Be sure to write "New Class Rep" on the form.

In order to keep this list current—please contact us with any changes by filling out a form at:

[update@sidneyalumni.org](mailto:update@sidneyalumni.org) ~ Due to a lack of space, only one contact person per class is listed.
